

Debbie's Thoughts:

God must have wanted us to be able to pull. I think it rained/hailed a lot, about everywhere, but Providence. Instead we had a hard time getting the track wet enough.

Good to see everyone. Haven't seen a lot of you since November. Thanks for coming to help us support the Providence Fire Department. They are a great bunch of folks. They even stayed late and let us eat with them. This makes twice they have done that. Thankfully this time was because of a great turnout, not breakages. We had the most pullers we have had in a long time. It was still a very smooth pull. Especially considering it was our first for the year. I usually forget everything over the winter.

I can't say it enough, we appreciate all our hard workers. Some of our regulars couldn't make it. Thanks to everyone that stepped up and helped out. I appreciate that more of you volunteered than we needed.

We will be pulling once a month thru November. I am still working on our schedule. Keep checking the website and Facebook page. Hope to see everyone 1:00 pm May 17th at Ace Speedway.
